Whether you're designing the car of tomorrow or connecting the Internet of Things, you need cutting-edge product solutions to bring your design to fruition. At KOA Speer, we're the ideal partner to help you do just that. Our constantly expanding line of passive components will give you the solution to make your concept a reality!

More than just Resistors - yes we're the world leader in thick film resistors, but our product line is broad and growing every day, including:

- Shunt/Current Sense Resistors
- Wide Terminal Resistors
- High Voltage Resistors
- Thin Film Chip Resistors
- Surge Resistors

Passive Component Solutions - our engineering group will work with your design team to develop the passive component solution you need. Many of the hundreds of new products we've introduced in recent years are the result of such collaboration.

Award Winning Passive Supplier - we're the industry's most recognized and awarded supplier for achieving the highest product quality, on-time delivery and responsive customer service.

MORE THAN JUST RESISTORS

2023
AT-A-GLANCE

A tall, white, square lighthouse with a black lantern room and gallery, situated next to a red brick building. The lighthouse is surrounded by a green lawn and large trees with autumn foliage. The sky is overcast with grey clouds. The lighthouse has a small arched window near the base and two small arched windows higher up. The brick building has a gabled roof and a small porch with a white door. There are some pumpkins and autumn decorations near the entrance of the brick building. The foreground has some tall grass.

Presque Isle Lighthouse

Lake Erie, Pennsylvania

Construction of the lighthouse began in September of 1872 and was completed in July of 1873. The keeper was responsible for keeping the light shining all night long to alert all of the travelers on Lake Erie.

Presque Isle Lighthouse still serves as a working aid to navigation today.
