From Concept to Reality

Bring Your Designs to Life
with our Passive Components

ISO 9001:2015
IATF16949:2016

Whether you're designing the car of tomorrow or connecting the Internet of Things, you need cutting-edge product solutions to bring your design to fruition. At KOA Speer, we're the ideal partner to help you do just that. Our constantly expanding line of passive components will give you the solution to make your concept a reality!

More than just Resistors - yes we're the world leader in thick film resistors, but our product line is broad and growing every day, including:

- Shunt/Current Sense Resistors
- Wide Terminal Resistors
- High Voltage Resistors
- Thin Film Chip Resistors
- Surge Resistors

Passive Component Solutions - our engineering group will work with your design team to develop the passive component solution you need. Many of the hundreds of new products we've introduced in recent years are the result of such collaboration.

Award Winning Passive Supplier - we're the industry's most recognized and awarded supplier for achieving the highest product quality, on-time delivery and responsive customer service.

To make your design a reality,

Snowy Owl Visit

Presque Isle State Park - Erie, Pennsylvania

A National Natural Landmark, Presque Isle is the most visited state park in the state of Pennsylvania. Its 3,200-acre sandy peninsula that arches into Lake Erie offers visitors a beautiful coastline and plenty of recreational activities. It is also a favorite spot for migrating birds like this snowy owl's rare visit from its home in the Arctic.

Maple Tree Tapping

New York State

February-March marks the peak of maple sugaring season. New York is one of the few places in the world where Sugar Maple trees (*the official state tree*) thrive and maple syrup is produced.

The “Flower City”

Rochester, New York

Rochester became a global center for flower and tree nurseries in the mid-1800s, fostering its identity as The Flower City. Well known for its annual Lilac Festival, it boasts the largest display of lilacs in North America.

A wide-angle photograph of Niagara Falls, showing the Horseshoe Falls on the right and the American Falls on the left. The water is a vibrant blue-green, and a massive plume of white mist rises from the base of the falls. The surrounding landscape is lush with green trees, and a few buildings are visible on the distant shore under a bright blue sky with scattered white clouds.

Niagara Falls State Park

Niagara Falls, New York

America's oldest state park offers an awe inspiring view of the most iconic waterfall in the world.

Niagara Falls is the largest freshwater eco system on Earth, consisting of three falls and powered by four of the five Great Lakes.

A close-up photograph of an American Red Squirrel perched on a tree branch, eating a nut. The squirrel has reddish-brown fur, a white patch around its eye, and a bushy tail. The background is a blurred green forest.

American Red Squirrel

Coniferous forests of Pennsylvania

The noticable characteristics of this squirrel are its bushy dark red tail and the thick white circle around its eyes. They mainly feed on the seeds and cones of evergreen trees and collect and hide seeds and nuts so they have food storage during the lean winter times.

A scenic view of the Erie Canal in Pittsford, New York. A white and blue boat with a red stripe is moving along the canal, leaving a white wake. The boat is reflected in the calm water. In the background, a green truss bridge spans the canal. The banks are lined with trees displaying vibrant autumn foliage in shades of yellow, orange, and red. The sky is blue with some light clouds.

Erie Canal

Pittsford, New York

Completed in 1825, the canal links the waters of Lake Erie in the west to the Hudson River in the east. An engineering marvel when it was built, the Canal played a major part in commerce in the history of the United States. Its creation helped to make New York City the chief port in the United States.
